

State of Missouri

2008 Governor's Award for Quality and Productivity

GUIDELINES

PURPOSE

The Governor's Award for Quality and Productivity (GAQP) recognizes teams that champion service excellence, efficiency, innovation, technology, process improvement, and employee development in Missouri State Government. All projects must meet requirements of effectiveness, responsiveness, and efficiency of such magnitude that would make the project a model of excellence in state government nationally.

ELIGIBILITY

Any team (two or more individuals) employed by the State of Missouri, who successfully completes a project with another section, division, department, agency, or community organization which exemplifies the purpose of the GAQP, can submit a nomination. Teams must provide documentation which include, but is not limited to, background information, measures, etc., and measurable impact of the project nominated.

Project must have been in place long enough to have a measurable impact.

Executive Summary: Describe (in 500 words or less) the initial challenge, research, problem solving measure, documentation, results, etc. Executive summary page must be 12 points, Times New Roman font, and left justified. Attach the executive summary to the front of the nomination. Click [here](#) to obtain a blank Executive Summary document.

NOMINATION PROCESS

A team of ten managers, directors, and/or state executives review nominations and select the winners of this award which recognizes successful teams in Missouri State Government.

1. Secure nomination packet from your [agency/department GAQP coordinator](#) or at Division of Personnel internet site <http://www.training.oa.mo.gov/erp/2008GAQPNominationForm.doc> (Word Document) or <http://www.training.oa.mo.gov/erp/GAQPNominationForm.pdf> (PDF).
2. Complete the nomination form (providing ALL information requested)
3. Forward completed nomination form to the [agency/department GAQP coordinator](#).
4. Agency/department GAQP coordinator reviews nomination form and ensures that all information and documentation is complete and accurate.
5. Agency/department coordinator secures agency/department director endorsement signature and forwards completed nomination packet to GAQP state program coordinator.
6. Do not submit hard copies of information, documentation, videos, etc.

CATEGORIES

Customer Service

The winning team will identify and develop measures to improve customer service in Missouri state government. The winning project will establish how the development and implementation of their project provided the agency a means to effectively and efficiently satisfy customer expectations which include, but are not limited to, communication, information, responsiveness, problem resolution, and on-time, reliable, consistent service delivery.

Efficiency

This award will recognize the team that develops and successfully implements a creative approach to maximize the state resources used to complete a process or deliver a product or service. The winning team will demonstrate how restructuring, or redesigning a work team, product or service served to establish their organization's commitment to conservation, efficiency and effectiveness. The winning team's approach should be of such magnitude as to serve as a practical example for all state agencies.

Innovation

The winning team will distinguish themselves by exhibiting independence of thought and originality in implementing a new process/product/service, or a better application to an existing process/product/service that ultimately provides an "added value" to state government, or solves a unique problem in a creative manner.

Process Improvement

This award will recognize the team who demonstrates how implementation of their project improved the overall quality of products and services, eliminated "non-value" added tasks, significantly enhanced operational efficiency, simplified work processes, generated increased revenues, or reduced spending.

Technology in Government

The winning team will have identified, developed, and implemented cutting-edge technology to improve services, solve problems, reduce cost, increase efficiency, and extend human capabilities. The team's work will serve to improve the customer experience, achieve better policy outcomes, reduce paperwork burdens, and eliminate duplication of effort and routine processing by coupling delivery capacity with optimum technological processes.

Examples of winning nominations for the above categories are available by visiting the following link:
